

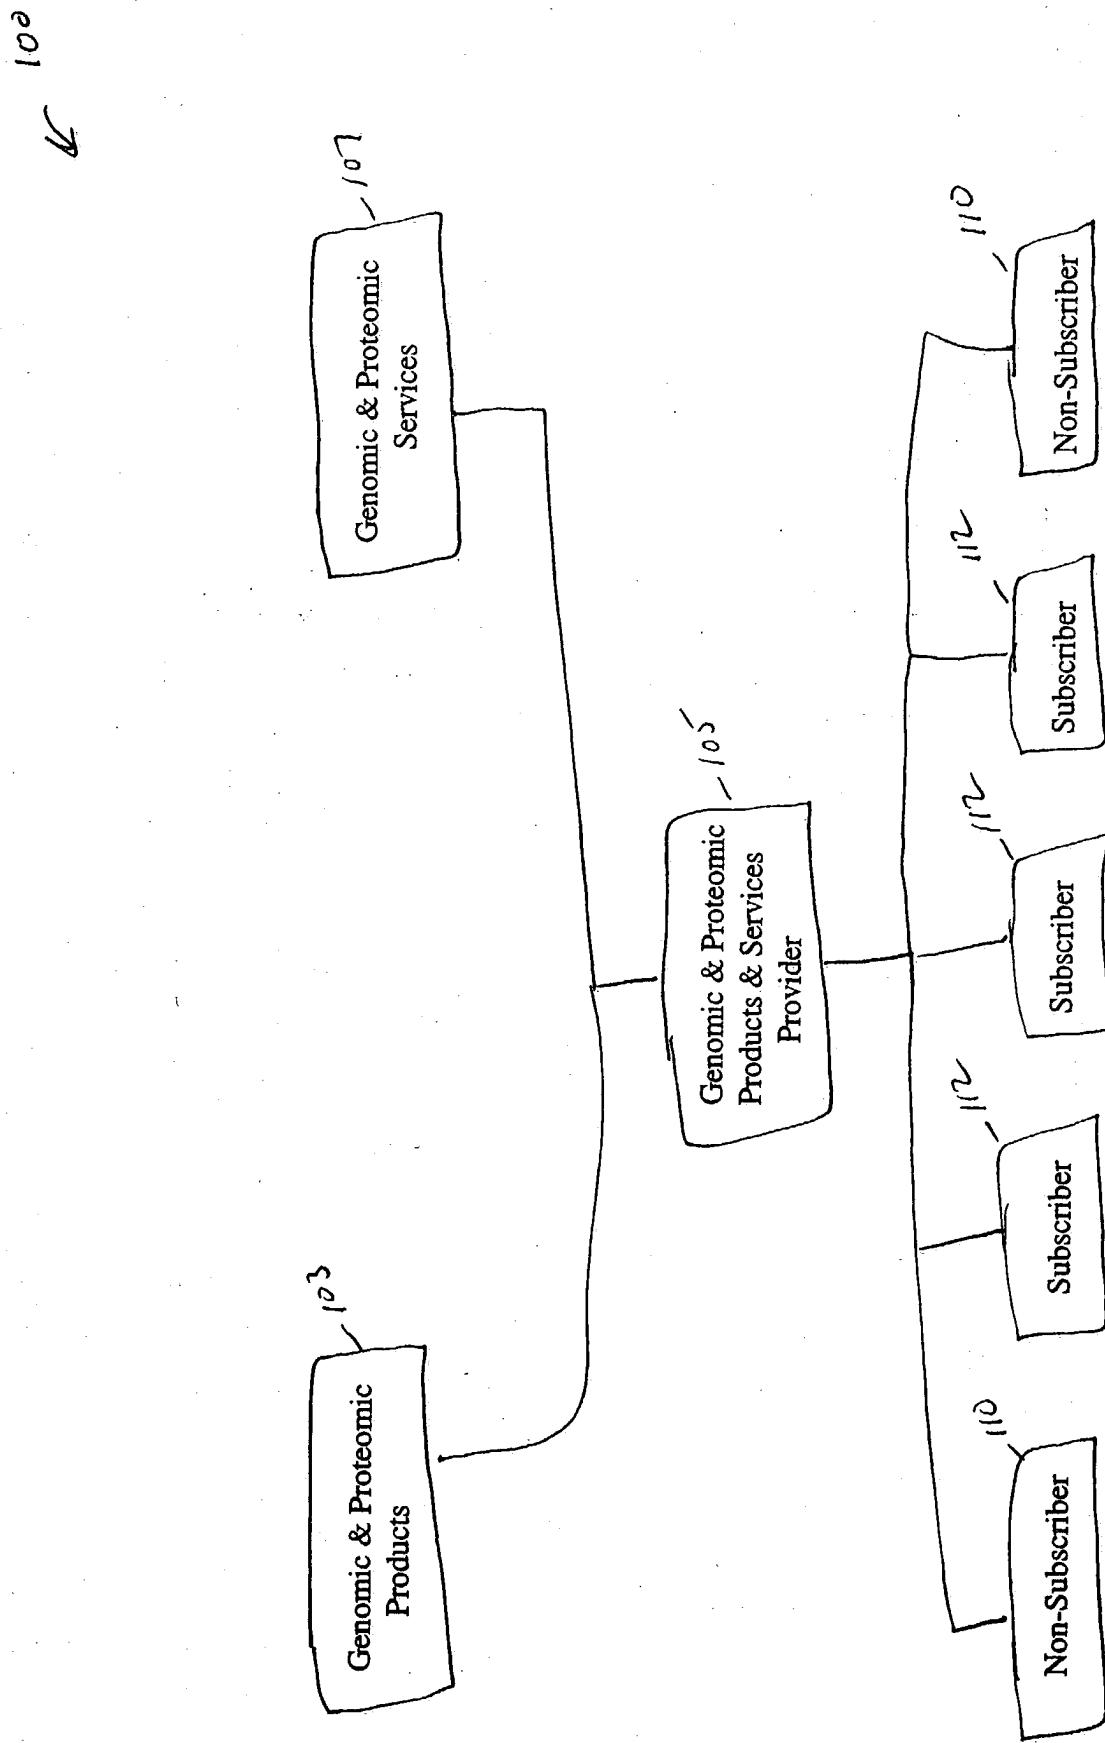

FIG. 1

EXEMPLARY SERVICES

Clone construction services
Protein expression services
protein purification
Antibody production services
cDNA library construction services
full-length cDNA library construction
human mouse dog rat
others
normalized full-length cDNA library construction
human mouse dog rat
others
normalization of standard cDNA library
human mouse dog rat
others
Research and Development consulting

FIG. 2B

EXEMPLARY PRODUCTS

Clone collections
Polypeptides
Antibodies
cDNA libraries
Kits

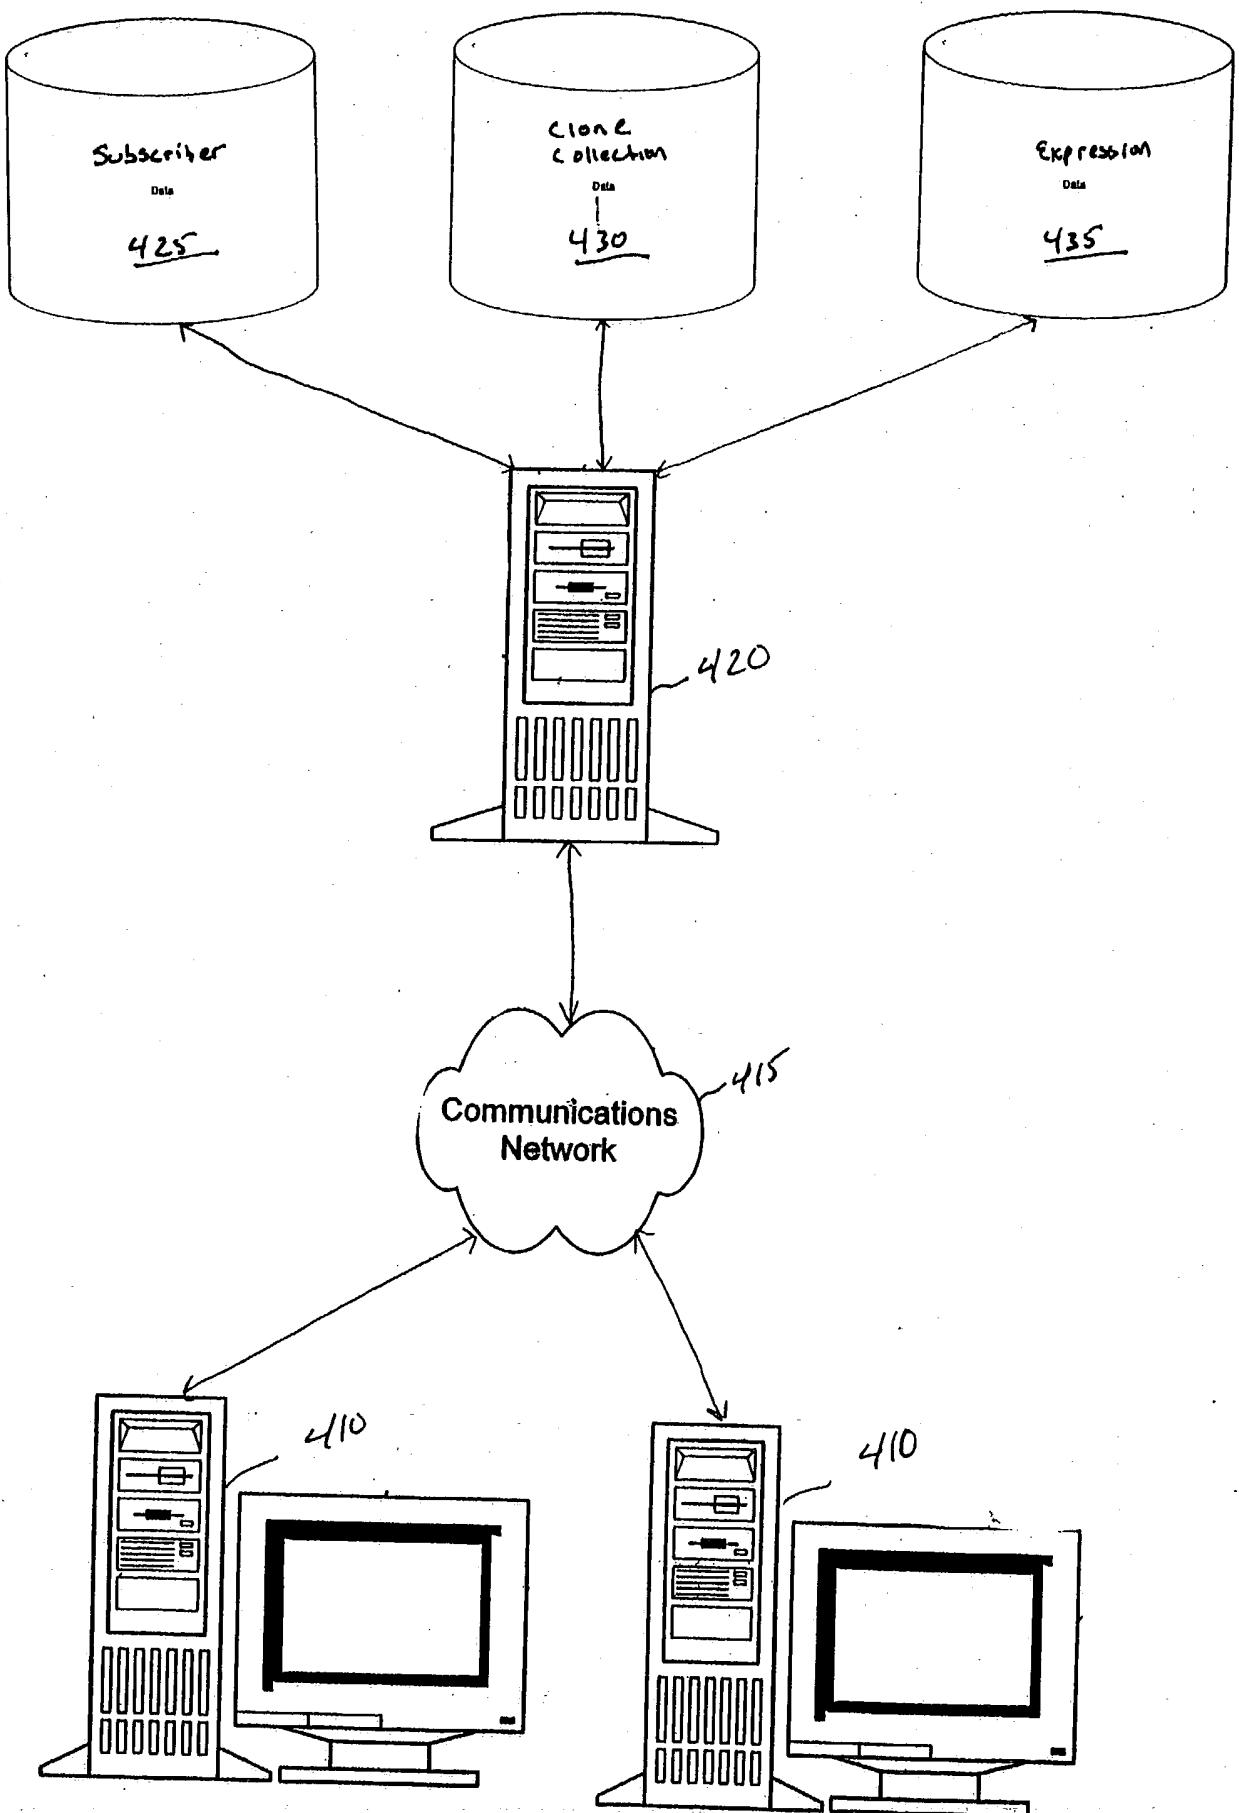

FIG. 2A

Field Name **Description**

201	Subscriber Identification Field	Subscriber Identification Number
202	Subscription Fee Field	Subscription fee payment
203	hORF clone Purchase Credit Field	Amount of funds credited for hORF clone purchase
204	hORF clone total order Field	Total number of hORF clones ordered
205	Subscriber Site Identification Field	Subscriber site identification number

300
